PERFECTION

THE ONLY TIME
THAT YOU ARE
ALONE ALL BY
YOURSELF IS THE
MOMENT WHEN
YOU LAY YOUR
HEAD DOWN ON
THE PILLOW...

Maybe a warm shower that calms you down before sleep... Maybe short exercises... Reading a book... All are for a comfortable and peaceful sleep! The softness you feel at the moment when you lay your head down on the pillow and your skin touches the quilt...

The feeling of coolness that you can't give up ...

The moment when all your stress diminishes...

That is the special time when you meet Maya Tekstil quality and comfort! For years, we have been creating designs and producing comfort for you to have a nice sleep. We present you a sleep of higher quality with our products known as Othello brand.

an extra
soft
sleep

OTHELLO CREATES UNIQUE PRODUCTS SPECIFICALLY DESIGNED FOR INDIVIDUALS WITH DIFFERENT NEEDS TO PROVIDE A COMFORTABLE AND RELAXING SLEEP.

OTHELLO FEATHER AND DOWN QUILTS AND PILLOWS are made with selected filling materials of natural goose down and are covered with 100% cotton fabric.

GOOSE DOWN is a light, healthy, temperature regulating, natural and soft filling material for quilts and pillows in the world.

OTHELLO also develops selective products for consumers who prefer the softness of **Microfiber** for a comfortable sleep. 3 denier fiber is used to provide ultimate softness. The structure of Microfiber does not allow to nestle bacteria thus it provides a hygienic sleep environment.

NATURELINE QUILTS PILLOWS

NATURELINE PILLOWS AND QUILTS ARE MADE OF NATURAL FILLING MATERIAL AS GOOSE DOWN, BAMBOO AND COTTON. THESE QUALITY PRODUCTS HELPS TO REDUCE PERSPIRATION FOR A COMFORTABLE AND HEALTHY SLEEP. YOU WILL GUARANTEE LONG-TERM ENJOYMENT OF NATURELINE QUILTS AND PILLOWS BY ADHERING TO RECOMMENDED WASHING INSTRUCTIONS.

"Hygroscopic" absorbs body sweat at night and sprays it back

The lightest filling material in the world is goose down. You feel as much relaxed as the lightness of your pillow and quilt. Due to its natural structure, goose down & feather protect your body against temperature changes, regulate humidity and create a suitable surrounding for sleeping. **It is "Hygroscopic". It absorbs body sweat at night and sprays it back to the air in day time.** When shaken once a week, quilts and pillows will be purified of moisture and restore the products fluffiness. There is no odour since it doesn't keep bacteria. It is anti-allergic, hygienic and washable. If care label instructions are followed, it can be used for long years. Goose down and feather products are preferred in the world due to these incomparable specialities.

MEDICALINE ORTHOPEDIC PILLOWS

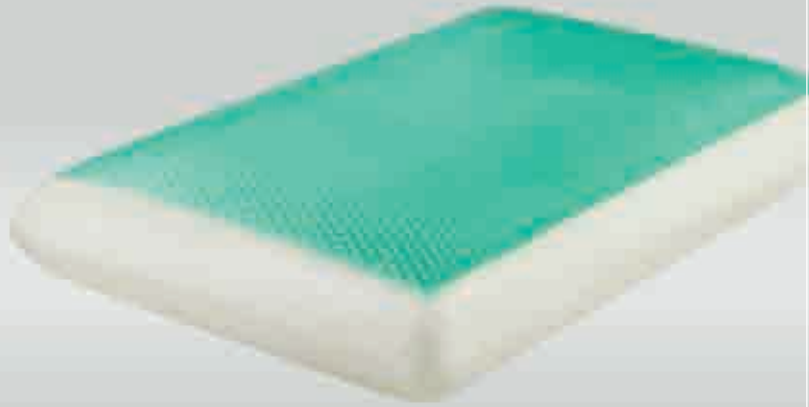

MEDICALINE IS DEVELOPED TO SOLVE VARIOUS SLEEPING PROBLEMS ORIGINATED FROM WRONG PILLOW CHOICES AND LYING POSITIONS. PILLOWS PRODUCED OF VISCOELASTIC, GOOSE DOWN&FEATHER, FIBRE BALL AND SPONGE MAKE YOU COMFORTABLE BY SUPPORTING THE GAPS IN THE NECK AND SHOULDER, REDUCE INVOLUNTARY ACTIONS UP TO 80% AND ALSO PROVIDE YOU A COMFORTABLE SLEEP BY REGULATING THE BLOOD PRESSURE.

Viscoelastic Memory Foam technology, first developed by Nasa, obtains a unique comfort in your sleep with OTHELLO's medical pillows. **Pillows having the viscoelastic technology take form according to body heat and shape but don't misshape the original form. These products reduce the involuntary actions up to 80% by regulating the blood pressure and remove the joint aches.** In addition; fibre ball, microfibre and goose feather filled pillows are the other prior products of Medicaline.
